Swimming's fun for everyone and Waves has facilities for all ages and skill levels. There's the 50 Metre Pool for lap swimmers and regular aqua aerobics classes, while the Learn to Swim and Toddlers' Pools are heated to 32 degrees all year around.

And, of course, there is the fantastic Wave Pool, where the ever changing water environments range from bubbles to water showers and, of course, waves.

Lyn, Johnny and staff wish you all a Merry Christmas
